

### SATURDAY MORNING "Ham Hob-Nob" Confer, Converse and Otherwise Hob-Nob with Fellow Hams

On Saturday September 21, 2024 a few of us went to WAS after breakfast at the Southport Diner to try out some antennas, operate a little bit and to confer, converse and otherwise hob-nob with our fellow ham operators. Attending were Marilyn NU7T, Sam W1SMF, Gary WE1M, Jeff KB1LZ, Larry AB1JC and Jim KC1RBG. We operated FT4/8 and Sam W1SMF set up his wolf coil vertical antenna.
