

HOUSATONIC AMATEUR RADIO CLUB 2024 WORLD WIDE DIGI CONTEST AUGUST 24-25

We operated for the first time in the **World Wide Digi DX Contest** on August 24-25 as **N1KT**. This is an FT8/FT4 only contest sponsored by the Slovenia Contest Club. It allowed up to 1500 watts. Rules can be found here: <https://ww-digi.com/index.htm>

We operated in the Multi Op, multi transmitter category using 50 watts. Operators included Jon AI1V, Jeff KB1LZ, Jim KC1RBG, Jim W1RAZ, Sam W1SMF & Gary WE1M. Mike KA1EOU showed up in support of our effort. Antennas included the Hex beam, 40 meter moxon beam, OCF dipole for 80-10 and the 40 meter dipole for 40 and 15. We made 328 contacts for 57,583 points. During uploading of the Cabrillo file to Slovenia Contest Club, WE1M encountered trouble with the uploading applet and in their error reporting. So Gary says he is not sure how much of the log went through. We shall see.
